

SUSTAINABILITY REPORT 2021

MESSAGE FROM THE CHAIRMANSHIP

For a couple of years now, at **Grupo Neolpharma** we have been working on aligning our social responsibility actions to the fundamental themes of the 2030 Agenda for **Sustainable Development**. With that approach, we have continued to work on actions aimed at **Health, Environment, Education and Gender Equity**, but now conceptualizing these actions according to their impact in favor of people, planet and prosperity.

Last year the **SARS-CoV-2** pandemic continued to wreak havoc around the world. In **2021** many of our efforts were aimed at contributing to the fight against this disease. We have put in place much stricter safeguards at our facilities than required by local authorities in order to protect our people and to avoid disruption to our activities. We understand how vital and critical it is to ensure the continuity of our drug manufacturing in times of health emergency. Beyond just producing medicines, we decided to support the development of vaccines for Covid as part of our contribution to society.

In **2021** we will continue to refine our strategy, minimizing the risks of our activities, and trying to maximize the positive impact of our raison d'être: **to bring high-quality therapeutic options, at affordable prices, to our patients.**

Diego Ocampo Gutiérrez de Velasco
Vice President of Innovation and Development

¿ABOUT US?

Grupo Neolpharma was established more than **45 years ago**, integrated by **100% Mexican companies** linked to the **research, development, production research, production, marketing and distribution of medicines**. To offer our customers and patients medicines of proven **quality, safety and efficacy** for the treatment of various **ailments in psychiatry, neurology, algology, oncology, diabetes, hypertension, obesity, antivirals and infectious diseases**.

We currently have **17 business units**, among which the following stand out: **Psicofarma, Laboratorios Alpharma, Neolpharma, Pego and Prodifam**, companies dedicated to the manufacture and distribution of medicines. In addition, there is a unit dedicated to the manufacture of Active Pharmaceutical Ingredients (API), **Neolsym**, and two units specialized in research, innovation and pharmaceutical development.

PRESENCE

We have a **national and international presence**, through **our plants** in **Mexico City, State of Mexico and Puerto Rico**, offices in **Guadalajara, Puebla, Monterrey, Peru and Ecuador**, this has allowed us to firmly initiate a process of internationalization in operations and marketing.

As a result of our experience and trajectory, we have a **commercial presence** in the **public sector**, in governmental institutions such as **IMSS, INSABI, ISSSTE, ISEM, PEMEX**, and the private sector, including a line of our brands, highlighting: **Farmacias del Ahorro, Walmart, Farmacias Benavides, Farmacias YZA, Farmacias San Pablo, NADRO and Soriana.**

STAKEHOLDERS

Identifying **our Stakeholders** is essential in our management system, knowing them allows us to implement best practices in the business model and improve our business management.

For this reason, in 2021 a stakeholder analysis was conducted to address their priority needs and expectations.

STAKEHOLDERS

The level of relevance is the result of the stakeholder assessment, which includes the following prioritization criteria: **Influence, Interaction, Consequence, Dependence, Human Rights.**

SUSTAINABILITY STRATEGY

NEOLPHARMA
GRUPO FARMACÉUTICO

Nuestro modelo se desarrolla en tres niveles:

b) The strategic lines of Corporate Social Responsibility of Grupo Neolpharma

a) Sustainable development dimensions:

c) The sustainable development goals in which we participate.

GOVERNANCE

RESPONSIBLE MANAGEMENT

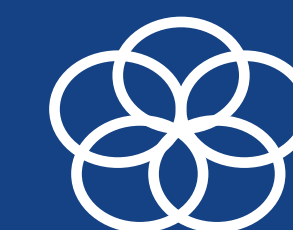

8 DECENT WORK AND
ECONOMIC GROWTH

9 INDUSTRIES, INNOVATION
AND INFRASTRUCTURE

17 PARTNERSHIPS
FOR THE GOALS

NEOLPHARMA
GRUPO FARMACÉUTICO

GOVERNANCE

8 DECENT WORK AND ECONOMIC GROWTH

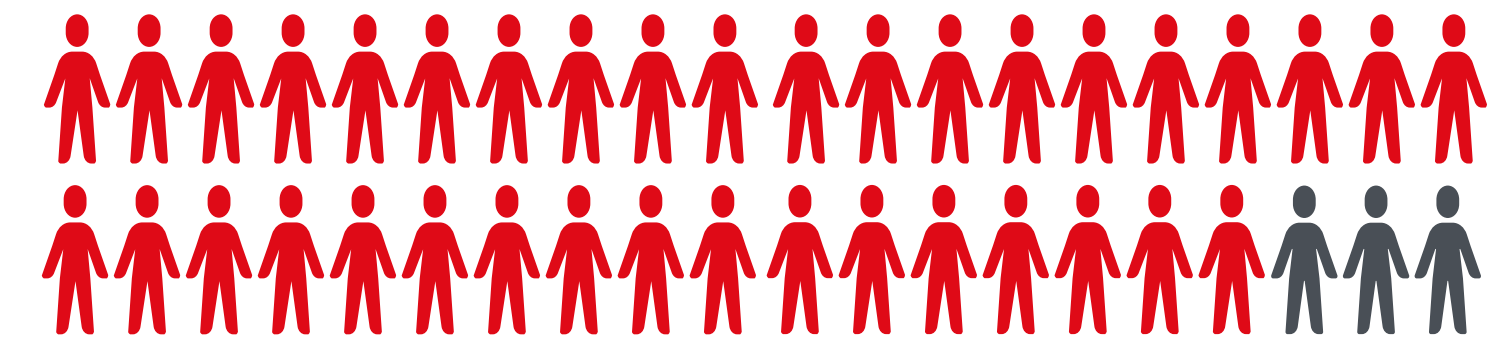

An essential element that allows benefits in parallel, **company-employee** is **training**, since it increases productivity and employees have **better job and professional opportunities**, ensuring their permanence in Grupo Neolpharma.

Implementation of new topics for the annual training plan for all employees

Code of Ethics, Human Rights Policy
Human Rights and Social Responsibility policies.

88%

37 People trained in Ethical Trade.

Compliance with the Annual Training Plan

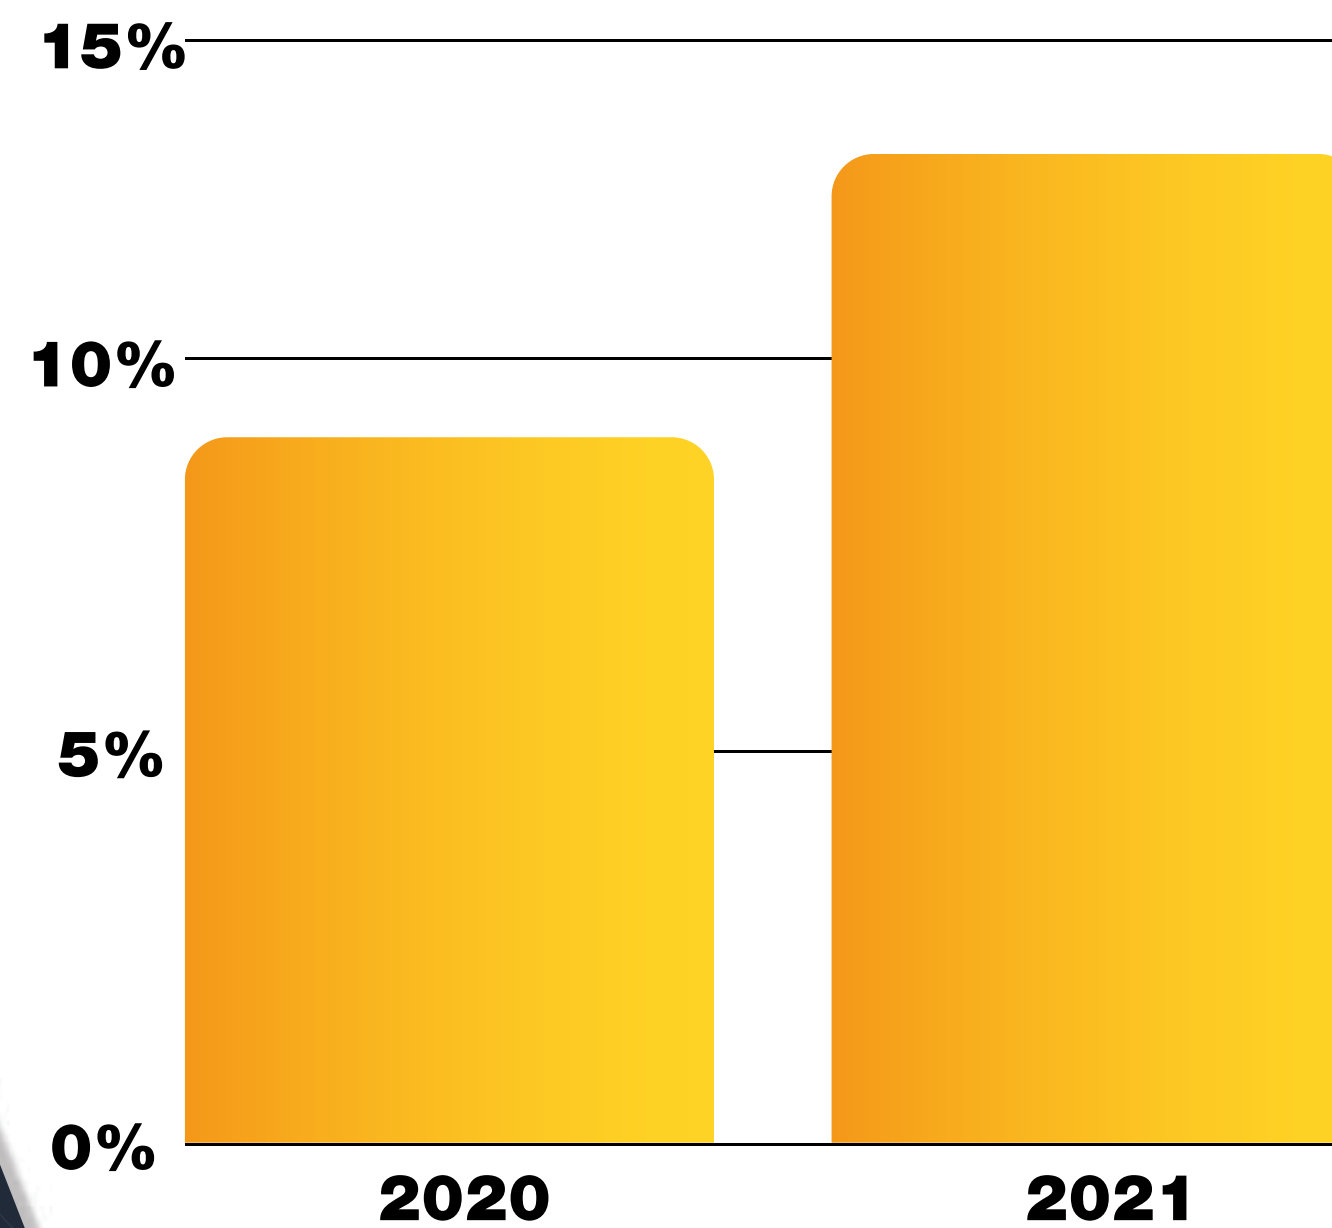

GOVERNANCE

8 DECENT WORK AND ECONOMIC GROWTH

By **2021**, employment opportunities in **Neolpharma group** increased, thus allowing **development and economic stability** for more people.

It is also important to mention that no employee lost their job as a result of the **COVID-19** pandemic.

12% increase in headcount was obtained this year in comparison to 2020.

SDG IN COMPLIANCE

8.5 Achieve full and productive employment and decent work for all **women and men**, including for **young people and persons** with disabilities, and equal pay for work of equal value

Colaboradores

GOVERNANCE

9 INDUSTRIES, INNOVATION AND INFRASTRUCTURE

At **Neolpharma Group** we seek to **manage** the risks and opportunities associated with the incorporation of **social, environmental and political** transitions in the long-term planning of the business model through our Regulatory compliance.

PSICOFARMA, NEOLPHARMA AND ALPHARMA

PSICOFARMA

2021

IFC is integrated as a **strategic ally** to our clean energy project through energy cogenerators.

2020

The decision is made to invest more than **US\$9 million** in the acquisition of equipment to generate **clean energy**, together with the leading company in the energy sector, **Veolus**.

SDG IN COMPLIANCE

9.2 Promote inclusive and sustainable industrialization, significantly raise industry's share of **employment and gross domestic product**, in line with national circumstances, and double its share in least developed countries.

3 GOOD HEALTH AND WELL-BEING 

SOCIETY

3 GOOD HEALTH AND WELL-BEING

STRATEGY AGAINST COVID-19

An institutional protocol has been established that has maintained stability in the company vis-à-vis **COVID**.

Protocol for entering the worksite:

- Hand washing.
- Temperature taking.
- Use of three-layer face mask.
- Use of safety glasses.
- Constant use of antibacterial gel.
- Healthy distance in work areas, dining room and meeting rooms, implementing remote meetings.

The acquisition of **5 oxygen concentrators** was carried out, which during 2021 were loaned to **15 people** in of **7 months**.

All our work sites have **IMSS APPROVED** verification reports, which validate and verify our protocols against COVID-19 in a documentary and physical manner at all sites. verify our protocols against the **COVID-19** in a documentary and physical way on all our sites.

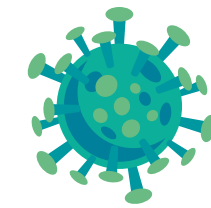

SOCIETY

SARS COVID 19 PROTOCOL

3 GOOD HEALTH AND WELL-BEING

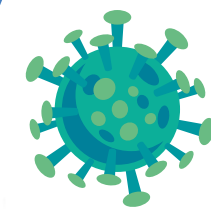

TAKING TEMPERATURE

If the temperature is equal or higher than **37.5 °C**, go to Occupational Health

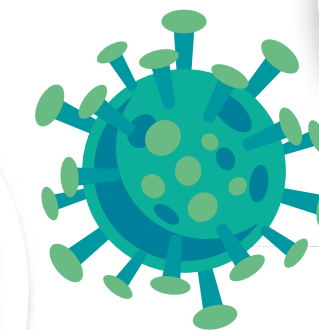

TEST PERFORMANCE

If the result is negative, the collaborator is incorporated. If positive, all first contact persons are tested. If the collaborator is in contact with a positive family member, he/she presents him/herself until the patient is discharged with a previous medical evaluation.

MEDICAL ASSESSMENT

When you have respiratory tract symptoms or have had contact with a confirmed of **COVID-19**.

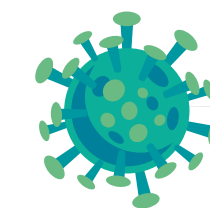

DAILY FOLLOW-UP

Occupational health provides follow-up by telephone until the patient improves.

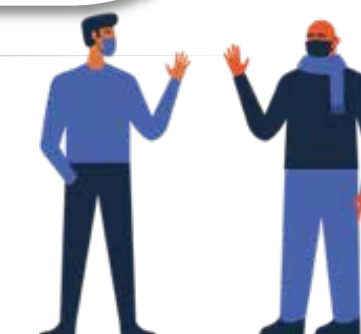

SUSPECTED POSITIVE CASE

Isolation of the collaborator at home and epidemiological fencing of the first contact personnel.

REINSTATEMENT

The employee attends a medical evaluation for reinstatement.

SOCIETY

3 GOOD HEALTH AND WELL-BEING

343,620 face masks have been used during **2021**, **33.62%** more than in **2020**.

2,000 liters of **antibacterial gel**, which is used in the dispensers that are installed at all sites.

A total of **918 COVID tests** have been performed, of which **548** were **PCR** and **370** were **rapid tests**, **63% less** in comparison to **2020**.

Investment of more than **\$516,000** in **basic treatments**, consultations with specialists and special studies to support **COVID-19** infected personnel.

SOCIETY

3 GOOD HEALTH AND WELL-BEING

To protect personnel against COVID-19 infection, 12 different transportation routes were opened for employees, who used the service around 192,500 times during 2021.

Partitions were placed to divide the dining tables and signs were posted indicating that the table was occupied and must be cleaned.

121 Covid-19 positive cases in 2021

Home Office was granted to vulnerable employees!

- **Adults over 60 years old.**
- **People with chronic degenerative diseases.**
- **Pregnant women.**

SDG IN COMPLIANCE

3.8 Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all.

Collaborators

Civil Associations

SOCIETY

3 GOOD HEALTH AND WELL-BEING

In April 2021, the Autonomous University of Queretaro (UAQ) signed a collaboration agreement with the **pharmaceutical group Neolpharma and Alpha S.A. de C.V.**, to jointly continue with the development and evaluation of the vaccine called "**QUIVAX 17.4**", against **COVID-19** based on the **SARS-CoV-2 protein "N"**, agent of SARS-CoV-2. to jointly continue with the development and evaluation of the vaccine called "QUIVAX 17.4", again COVID-19 based on the "N" protein of SARS-CoV-2, the causal agent of the disease.

SDG IN COMPLIANCE

3.b. Support research and development of vaccines and medicines against communicable and non-communicable diseases that primarily affect developing countries and facilitate access to affordable essential medicines and vaccines in accordance with the Declaration on the Agreement on Trade-Related Aspects of Intellectual Property Rights and Public Health.

ENVIRONMENT

LOCATION: CAGUAS,
PUERTO RICO

15 LIFE ON LAND

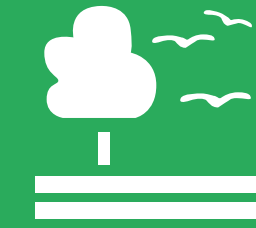

At the **Puerto Rico** site, special care is given to the conservation area of approximately **1,500 square meters** within the area comprising the Plant.

There are also land which are currently undeveloped and total **13,884.9925 square meters**.

ENVIRONMENT

15 LIFE ON LAND

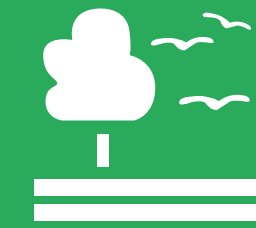

An amount of **\$10,000.00** was donated to the **AMAUNI** Foundation in collaboration with the **ZACATUCHE** or **TEPORINGO** Biological Monitoring Program and **CONANP** to purchase monitoring equipment for the teporingo. Such as cameras and their accessories to carry out this task.

An amount of **\$10,000.00** was donated to the "**Santuario de la Abeja Reina**" Association. This proposal allowed us to grant 2 hives to 2 families that will have the opportunity to obtain honey and its derivatives from the hive, thus generating additional income for them.

ENVIRONMENT

15 LIFE ON LAND

Grupo Neolpharma employees adopted one of **364 native Mexican plants** in 3-inch pots.

This campaign is carried out to create awareness of the care of the Mexican ecosystem. Many employees adopted them, named them and/or integrated them into their gardens with their other plants, giving them a place in their homes where they involve their families in the care of their cacti.

SDG IN COMPLIANCE

15.4 Ensure the conservation of mountain ecosystems, including their biological diversity, in order to enhance their capacity to provide essential benefits for sustainable development.
